The Department of Chemistry at the University of Nevada, Reno is hiring for an Assistant Professor (tenure track) with an anticipated start date of 07/01/2019. The successful candidate will be expected to develop an active and innovative, externally funded experimental research program in analytical chemistry, broadly defined. Teaching duties include undergraduate and graduate level courses in analytical, physical, and general chemistry.

The Department of Chemistry offers B.S., M.S., and Ph.D. degrees in chemistry, as well as an interdisciplinary Ph.D. in Chemical Physics. The department has 17 full-time, tenure-track and four lecturer faculty members, housed in a four-story building with state-of-the-art research facilities. Undergraduate laboratory courses are taught in our modern instructional facilities in the nearby Davidson Mathematics and Science Center. Additional information about the department can be found on its website: [https://www.unr.edu/chemistry](https://www.unr.edu/chemistry)

The University is ranked in the top tier of National Universities by U.S. News & World Report, and ranks in the top tier of the WSJ/Times Higher Education World University Rankings. Located where the Sierra Nevada meets the high desert of the Great Basin, the University’s verdant, 290-acre campus is a 45-minute drive from scenic Lake Tahoe.
